

Clay Pinch Pot

1. Ball

Roll the clay into a ball.

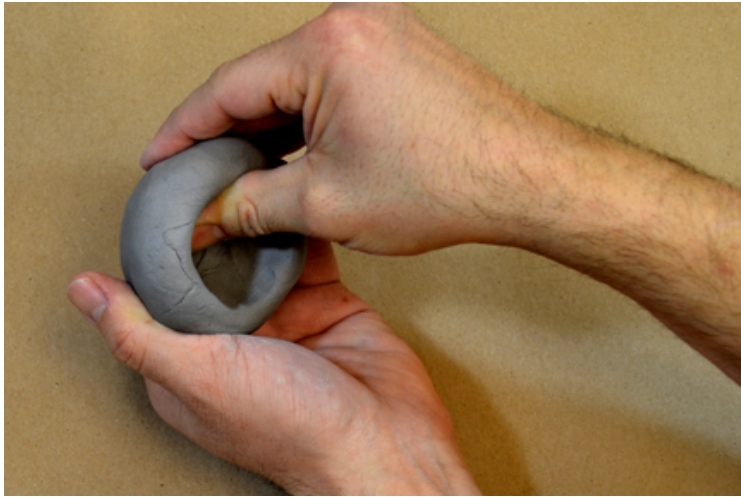

2. Thumb

Push your thumb into the middle of the clay ball.

3. Pinch

Gently pinch with a "duck bill" hand. Turn the clay as you go.

4. Keep Pinching

Keep pinching and turning the clay to make the pot wider and the walls thinner.

5. Finish Pinching

Keep pinching until the walls are even, yet still as thick as your little finger.

Do not pinch the clay too thin .

6. Smooth

Smooth out cracks and wrinkles with your finger. Use a little water if the clay is extra dry.
