

# Clay: Slab

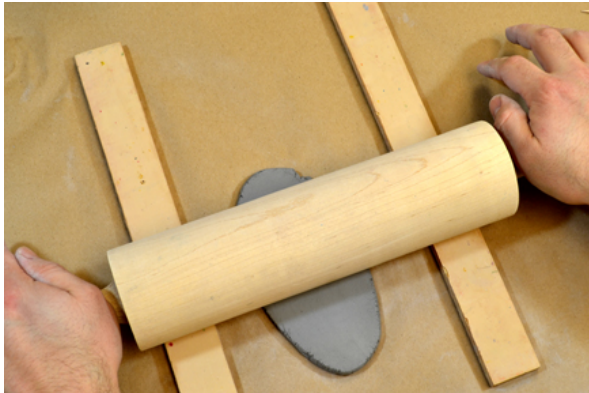

## 1. Set Up

Get a rolling pin, two wooden strips, and a hunk of clay. Place the clay between the strips, and make certain the strips are not wider apart than the rolling pin.

## 2. Begin Rolling

Press the rolling pin into the middle of the hunk of clay.

## 3. Roll

Roll the rolling pin back and forth until it is rolling on the wooden strips.

## 4. Cut

Use a fettling knife to cut the clay into the desired shape.
